This camp is perfect for parents that want a night out away from the kids. Drop them off for the evening and allow them to participate in a fun camp with the SIU coaching staff. Campers will work on their baseball abilities by receiving offensive and defensive skill instruction. Each camper will look to improve their hitting, fielding, and baserunning through drills put on by the SIU coaches. This is a must attend for all young players with a passion for the game of baseball. **LIMIT: 50 campers per session.**

Open to any and all entrants (limited only by number, age, and/or grade level)
