

# Educational Resources and Professional Development

Southern Illinois University Carbondale's Conference and Scheduling Services Office offers numerous intriguing resources for educators to earn Professional Development.

## [EDUCATOR RESOURCES FOR STUDENTS WITH DISABILITIES](#)

Learn strategies and develop tools to improve your ability to teach children with disabilities and watch the breakthrough happen again and again. Discover the neurobiology behind these disorders and learn practical ways to help. Course offerings are online and include learning strategies to help teach students with disabilities, ADHD, Autism and empowerment tools for disabled students.

## [TEACHER RESOURCES](#)

A variety of K – 12 teacher courses are included in our featured online courses for educators. From cyber security, COVID-19, classroom technology, grant writing, common core, Spanish in the classroom, science, math, reading and more!

## [ED2GO \(EDUCATION TO GO\)](#)

More than 300 different instructor-facilitated, online courses and certifications in a variety of areas, topics and specialties comprise this program. These non-credit courses are project-oriented and include lessons, quizzes, hands-on assignments, discussion areas, supplementary links and more. Many courses are designed for teachers!

Contact the Conference Services office prior to the start of course if interested in earning Professional Development credits for no additional cost.  
Additional paperwork will be required.
